Dear Parents and Carers,

It was so lovely to see children return back to school after the Easter break.

### Maths

**As discussed during Parents' Evening, last half term, helping your child to recall multiplication facts speedily is of great importance. We are continuing to practise multiplication facts (and the related division facts) both in and out of order in school although we would welcome your support in enabling your child to embed these facts further.**

Please continue helping your child to develop rapid recall of the 5 times table facts. If they are secure with the 5 times table, they can begin to learn the related division facts: If I know  $3 \times 5 = 15$ , then  $15 \div 5 = 3$ .

Please visit any of the following websites for further practise and consolidation in this area:

### English

This week, the children have been practising building sentences that include expanded noun phrases, e.g. The gloopy, green pondweed splashed.

The fresh, white bread crumbled.

The oozy, grey bubbles popped.

The sloppy, slimy goop dripped.

Your child has been given an activity sheet to help them practise this skill.

### English/ Geography

This half term, we will be learning about Kenya. We have provided your child with a comprehension activity sheet to help them to find out some supporting information that will help them to understand more about the country.

### Reminders

**Saturday 27th April 2024 Lego Event**

**Tuesday 30th April Freddy Fit in school**

.

Have a wonderful weekend. The Year 2 Team 😊
