

# Templemoor Infant & Nursery School

## Year 2 Home Links

Friday 19<sup>th</sup> April 2024

Dear Parents and Carers,

### Maths

In Maths, we have started to learn to tell the time to: o'clock, half-past, quarter to and quarter past. You can help your child in practising these times by asking them to tell you key times in their day. E.g., bedtime, the time that you need to leave the house etc We have attached a clock template for you to help your child to set the hands on the clock, for a given time.

### English

Please find a copy of a comprehension in your child's book bag for them to complete.

### Art

In Art, we have started our topic on 3D sculptures. This week, we used found materials and paper to create a plant showing the seed or bulb, roots and shoots. We used techniques such as: folding, twisting and rolling to strengthen the paper. Why not create your own plant sculpture, at home, using found materials?

Next week we will be using sticks to create our sculptures. Each child will need two small Y shaped sticks. Please could you help us by bringing in any Y shaped sticks that you may find over the weekend.

### Reminders

Saturday 27<sup>th</sup> April 2024 Lego Event

Tuesday 30<sup>th</sup> April Freddy Fit in school

Have a wonderful weekend. The Year 2 Team 😊
